

CR12A COMBO

Battery-operated self-powered system

An off-road system

ref 10209

THE CR12A-COMBO IS A SUPER-POWERFUL PORTABLE SOUND SYSTEM WHICH FITS ANY NOMAD INSTALLATION..

It features a USB/SD player, a Bluetooth® receiver, two UHF wireless microphones, an external source and a mixer allowing you to connect 2 extra microphones. It is complete, very easy to use and super powerful. On top of that, it is also easy to transport and very handy thanks to its built-in transport trolley, and its outstanding battery life. It fits in small spaces, and you can store every device you need inside its storage compartments.

- + All-in-one and easy to transport
- + Great performance and sound quality
- + Media player and 2 UHF microphones

Bluetooth™

Supplied with 2 handheld microphones and batteries.

255
