

SM6V-G

On wall speaker with volume control
grey, 6 watts 100 volt

The SM6V is a functional on-wall cabinet speaker. It has a 5" paper woofer and is equipped with 100 volt power transformer with power taps on 1.5 - 3 - 6 watts.

This speaker offers an excellent sound quality and a no-frills design with a ABS plastic housing and metal grille. This speaker is ideal for professional use of background music and paging in public buildings, schools, parking garages or supermarkets.

The SM6V is equipped with a volume controller. It is discretely hidden under the logo shield, which avoids unwanted tampering with the volume setting. Even in situations where the budget is vital, Apart puts you in pole position! Quick-Fit cable clamps allow quick and easy installation what saves you time and money.
