Road Ready Cases - Catalog 2019 - v1

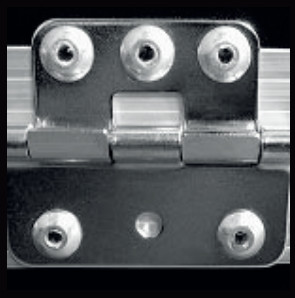
Subject to misprints, errors and technical modifications - No liability accepted • www.roadreadycases.be
All prices are Tax 21% included • Prices from 01/07/2019 (are subject to change)

Heavy ball-corners, stackable on one side, but always with 6 strong rivets per ball-corner.

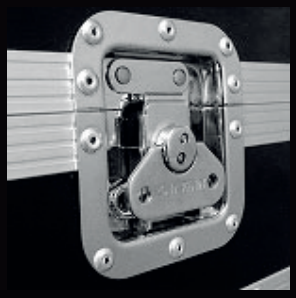
The dj coffins are equipped with a hatch for easy cable access, as well as a cabletrap.

Solid wheel boards, always with 4 rotating casters of which 2 have brakes.

The DJ cases have removeable front panels which allow the use of slot-in cd players.



Take-apart hinges, for completely removing the lids. With years of durability.



The perfect chromed butterfly catch plays a big part in the quality of the case.

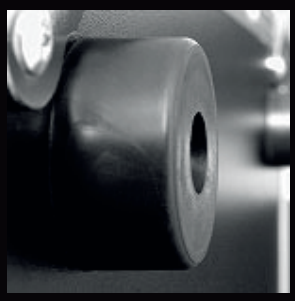
Pick and Fit foam in a number of utility cases allow for self-adjusting of the inside shape.

Fully incorporated and sturdy pull-out handles make transportation quite a bit easier.

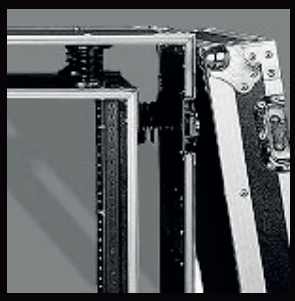
Rack profiles, very securely mounted.

'Rear access': back door with solid butterfly catch and take-apart hinges.

Firm and specially designed flat corners: no more gaping profiles!



Solid rubber feet, 2 cm thick, for a firm grip.



'shock mount', for expensive or very heavy equipment. A unique system developed by RoadReady.

The flip-out handles are from exceptional quality and perfectly flush mounted.

A few cases have an extra cable storace inside the lid.

To reach the desired strength, the edge of the wood was finished right up to the profile. The used wood is 3/8" multiplex.

In the longer cases (ex. the synthesizer cases and certain dj coffins) there are built-in wheels on one side. Very handy!

All 'universal' cases are supplied with adaptment pieces of foam for a snug fit of different types and models.

Road Ready cases is imported into the Benelux by Bekafun bvba

Beste Klant,

Road ready cases werd meer dan 30 jaar ontwikkeld in de VS. Ondertussen is dit een wereldbekend merk geworden van flightcases. Ondertussen werden er ook oplossingen ontwikkeld voor mobiele podia met merken als Intellistage, Proflex staging en All-terrain staging. Road Ready heeft wellicht de ruimste keuze als het gaat om kwalitatieve en innovatieve producten.

Bekijk deze catalogus en vind de juiste flightcase voor jouw gear. We zijn ook in staat op middellange termijn flightcases te ontwikkelen op maat, volgens Uw ontwerp...

Cher Client,

Road Ready s'est établie aux Etats-Unis dans les années 80. Depuis, Road Ready est devenue une marque internationale reconnue comme qualitative et innovante. Pour les podiums mobiles, la même société a conçu les marques Intellistage, Proflex staging et All-terrain staging.

Road Ready a une vaste gamme de flight cases spécialement conçue pour notre activité son et lumière. Nous sommes capables de développer de nouveaux modèles à court-terme à partir de votre design.

Dear Client,

Founded 30 years ago in the USA, Road Ready is internationally know for designing and manufacturing top quality flight cases and a full range of innovative, portable staging solutions. Their brandnames include: Road Ready, Intellistage, Proflex, Staging 101 and All-Terrain staging. Road Ready offers a full range of stock flight cases for the pro sound, DJ and lighting markets and is also capable of creating innovative, custom designs to suit their clients needs with a fast turnaround.

All flight cases come standard with a limited, lifetime warranty and are constructed of the highest grade materials

THE INTELLISTAGE STAGES CAN BE ASSEMBLED VERY QUICKLY AND EASILY AND CAN HOLD A WEIGHT OF UP TO 900KG/M².

The platforms are equipped with cable-guides and metal corners . Multiple risers can be placed on top of one another for extra height. The stages are endlessly expandable in a great variety of formations to suit your needs.

The platforms are covered with a layer of Tuff-Coat. Tuff-Coat is a kind of flexible water-based paint with a lot of advantages: environment friendly, very durable, protects againds mechanical damage, fireproof,... Tuffcoat offers a great balance between firmness, impact resistance, flexibility, anti scratch and hardness.

This is just a small selection from the huge range...

Check out intellistage.com for more info, videos,... or assemble your own stage with the stage builder!

Tuff-Coat Finish Rectangle Platforms

1. Platforms:
The building-blocks of your stage. Covered in a scratch-proof Tuffcoat top layer and a load capacity of up to 900kg/m2 . Compatible with guard rails.

THE ALL TERRAIN STAGES ARE MODULAR AND CAN BE ASSEMBLED VERY QUICKLY AND EASILY.

They are adjustable in height thanks to their sturdy telescopisc legs and can hold a weight of up to 750kg/m^2. Made from lightweight but very sturdy aluminum and available in different finishes.
The individualy height-adjustable legs make these stages suited for every type of surface (slopes, hills, sidewalks...)
The height adjustable legs can be fitted with an extension pole to make them even higher. Made in Europe and fully TUV-certified.

This is just a small selection from the huge range... Check out intellistage.com for more info, videos,... or assemble your own stage with the stage builder!

STAGING 101 SLIM FOLDING HEIGHT ADJUSTABLE STAGE

The folding stages from the staging 101 are the most easy to set up stages ever. Everyone can set up this stage in a fast and easy way. The system is very simple: one stage is 4*8 ft or 1m22 to 2m44. It is folded vertically. Just unfold the height adjustable folding legs (20-40 or 60 cm), and put the stage where you want.

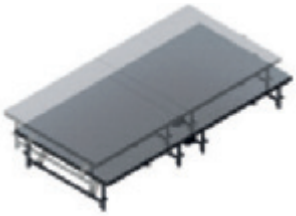
- Unique, Revolutionary Slim, Frameless wheel base design for compact storage and fast easy set up.
- Flat pack shipping saves on shipping costs compared to competitors models that ship standing up-right.
- Height adjustable to 8", 16" or 24" (20cm, 40cm, or 60cm) high
- Simple Mobile, Folding Stage design based on the concept of a folding table
- Modular Platforms come in 4' x 8' or 2m x 1m sizes and connect easily together to form custom size stages.
- Fast easy set-up by 1 person.
- Perfect for schools, churches, hotels, exhibition halls and many other applications.
- For use mostly indoors and should be installed on a flat surface.
- 10 Year warranty
- Available in 2 surface finishes
- Weight rated at: 750 KG / SQ M (153 LBS /SQ FT).

1. 2. 3. 4. 5.

Simple folding table like design

To set up at 16" (40cm) and 24" (60cm) high, simply unfold the height adjustable folding legs

Adjusts to 3 heights!

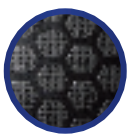


When setting up stage at 8" (20cm) high, use the screw in legs that are stored in the frame of the stage

10 YEAR WARRANTY!

4' x 8' or 2m x 1m Tri-Height Mobile Folding Stages w/ Wheels

EAST ONE PERSON SET UP! REVOLUTIONARY SLIM, FRAMELESS WHEEL BASE DESIGN FOR EASY MANEUVERABILITY AND COMPACT STORAGE



Strong industrial finish (hexagone anti-slip)
