- Ref. **TMD-12** (1,2 x 1 m) Con embellecedor de madera. *With wooden skirting.*

GRADAS PARA CORO

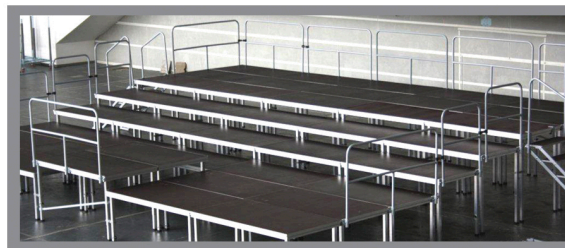

GUIL fabrica módulos rectangulares y trapezoidales para hacer gradas de coro; pudiéndose combinar entre sí para ofrecer a los coristas múltiples opciones y formas (lineales, curvas, en arco, de herradura,...). Nota: Fabricación de medidas especiales bajo petición. Todos nuestros módulos se pueden utilizar en exteriores e interiores, y la altura puede ser fija o regulable para una mayor flexibilidad. Están fabricados en aluminio, con panel contrachapado fenólico con acabado antideslizante (tablero de madera 100% abedul).

Soluciones prácticas, resistentes y seguras, de rápido y sencillo montaje.

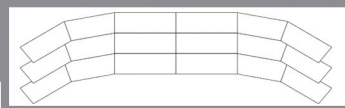

CHORAL RISERS

GUIL manufactures choral riser elements with different designs to offer choirs multiple riser options and shapes (straight, curved, winged, horseshoe arrangement, etc.). We make different shapes & sizes on request. All our choral risers can be used outdoors and can be height adjustable for great design flexibility. They are manufactured in aluminium, making them sturdy but lightweight, and we use a non-slip, water resistant, 100% birch phenolic plywood panels which not only means they can be used for outdoor events but these features make them extremely durable.

Practical, durable and safe solutions, with a quick and easy set-up.
