

ALR120

120" fixed frame ALR projection screen

- **Ambient light rejecting (ALR) technology - ensures vivid images even in brightly lit rooms**
- **120-inch fixed frame made from aluminium**
- **Multi point tension design provides a taught screen for a seamless image**
- **0.8 gain - for superior viewing angles and deeper black levels**

TV fans, gamers and those that love to watch sporting events or films will be thrilled with the Optoma ALR120 ambient light rejecting projector screen.

This is a high performance fixed frame front projection screen designed for use with an ultra short throw projector.

Using special ALR screen technology it can achieve vibrant high contrast images even in brightly lit rooms.
